Thank you for taking the time to read my shirt. I understand that, in such a busy world as ours, many people do not make room in their lives for the simple things, like reading a shirt. Therefore, it is my greatest wish that this lives up to your undoubtedly high expectations. After all, were this shirt not something absolutely fantastic and life-enriching, by the time you will have finished reading this not only will you feel quite let down, but you will feel even more depressed by the fact my associate has snuck up behind you and stolen your valuables. But, if this shirt has enriched your life, let me simply say that you aren't the only one. Have a nice day!
